Say Hello to True Self-Service Shipping Paperwork From 3G

3G has completely revamped the shipping paperwork experience and has made it entirely self-service. Gone are the days of support tickets and fees to tailor your shipping paperwork. Gone are the days of needing coding experience to make adjustments to meet your customer's needs. 3G's Self-Service Shipping Paperwork gives you complete control over your paperwork administration, workflows, triggers, images and editing of paperwork to suit your specific needs.

What is Self-Service Shipping Paperwork?

Self-Service Shipping Paperwork is 3G's solution to give our customers more control, flexibility, and options than ever before. With this revolutionary solution, you can:
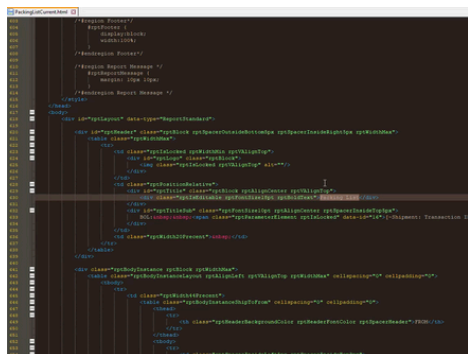

- Administrate with Ease: Effortlessly enable templates with license controls
- Edit Like a Pro: Tailor templates to suit your needs using our new and intuitive WYSIWYG Editor tool - no programming skills required. It's as easy as using your favorite word processor!
- Personalize with Images: Upload and integrate logo and signature images for a professional touch.
- Automate with Triggers: Set conditional expressions to streamline your workflows.
- Simplify Workflows: Define copies and printers to automate and simplify your shipping paperwork printing process.
- Ship with Flexibility: Access two categories of templates. Shipping templates for every day shipping needs or retail templates if you're shipping to, or on behalf of, retail trading partners.
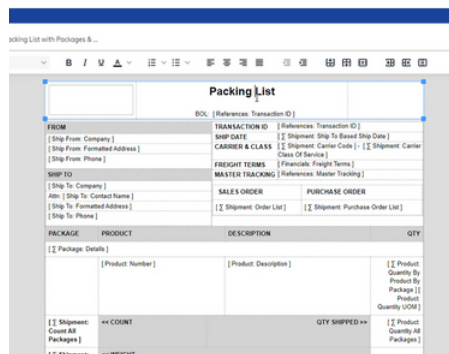

What is the Editor?

The Self-Service Shipping Paperwork Editor is a revolutionary interface developed to give you control of your paperwork allowing you to:

- Tailor with Ease: Effortlessly edit 3G-provided templates to suit your needs.
- Master Editing: Seamlessly tailor your paperwork with intuitive editing tools.
- Select & Stye: Choose from a wide array of font sizes and types.
- Encode with Barcodes: Set fields to be 3 of 9 barcodes for efficient tracking.
- Perfect Your Branding: Import logos and signatures to make your paperwork unique.
